M36	49.262,45	268,26	238,50	2.709,43
TOTAL	105.389,71			5.796,43

It has 10, 5 hectares dedicated to heavy vehicle car park, with the capacity for more than 800 lorries. These spaces together with the high number of roads, turning radius, expansions and manoeuvre, will fulfil the facilitation of well-thought spaces for the heavy vehicles.

These spaces offer 24 h surveillance services, maintenance and cleaning services, scales and a small area for the drivers with a shower room, lockers, restaurant and rest area.

These car parks will be located within proximity of both Service Centres and the Truck Centres as a complement.

Moreover, these car parks contribute to the improvement of the interior mobility of Puerta Centro, providing diversion spaces to the lorry car park in the roads.

HEAVY VEHICLE CAR PARKS
